

# REGISTERING TO VOTE?

## 3 CHOICES for College–University Students

*PA law allows eligible students living away from home to choose either their home address or their new address when registering to vote.*

REGISTER  
ROCKTHEVOTE.ORG

1. I want to go home to vote at my HOME polling place.

- This is easy—just make sure you use your HOME ADDRESS when you register to vote and that you are home to vote on Election Day.

2. Not going home, but I want to vote for candidates from my HOME DISTRICT (especially important for Municipal Elections):

- Use your HOME ADDRESS when you register to vote.
- Apply for a Mail-in Ballot online at [vote.pa.gov](https://vote.pa.gov) or at your state's voter registration portal.
- When you receive your mail-in ballot, immediately follow the directions to complete and return it to the address provided.

3. Vote where I CURRENTLY receive my mail in PA.

SCAN above or go to [vote.pa.gov](https://vote.pa.gov):

- Register to vote before the deadline OR
- If already registered, update your voter registration with your CURRENT ADDRESS at least 15 days before the election.

Be aware of PA's deadlines when registering to vote or using a mail-in ballot
