

Mis- and Dis-information getting you down?

LWV has designed **TWO THINGS**, **YOU** can do as soon as today! You can help build resilience to misinformation for yourself *and* contribute to your community:

1. Get in-depth training to SPOT and REPORT **problematic content**, (instead of responding to it or amplifying it) from the **Civic Listening Corps**: <https://tinyurl.com/lwvciviclistening> . Created by the League of Women Voters and the Algorithmic Transparency Institute.
2. **TIPLINE**: When you spot problematic content in public spaces or on social media, report to the **TIPLINE** via Text+1 859 374 8741 **or email**: lwv@tips.junkipedia.org.

Be part of the solution!
